UPDATE

If you have not picked up your Term Two Learning at Home packs, please do so. We now have packs available for Kindergarten Weeks 1-5 and two five week units available for Stage One and Stage Two. Stage Three are encouraged to work online, however a hard copy of the Term Two overview is available. We have been advised that flexible distance learning will continue into next term and probably for the term, so we are prepared for you!

Thank you for your thoughts, gifts, positive comments via person and Dojo regarding the exceptional work Brisbania PS staff have undertaken to ensure that the students “Learning at Home” have quality activities to be engaged in. Students at home and school are doing the same work. We are very pleased with the students’ work so far. Keep it up!

The staff have been working exceptionally hard to prepare for next term, while also maintaining “Learning at Home”, and school. All indications at present are that we will be continuing to work in a similar mode next term. Teachers have really embraced the opportunity afforded to them in the last couple of weeks to work collaboratively to maintain some normality for you and your children.

The Easter Bunny has also not forgotten the students of Brisbania this year, please collect your eggs when you collect the learning packs.

Class teachers will continue to communicate daily during term days with their classes and parents.

Remember we are here for your child, whether remotely or in person. We miss seeing all our students each day. Although we have organised work for your child, their mental wellbeing is of utmost importance to us during this crazy time in our lives. Do what you can, maintaining sanity in your home. We appreciate your efforts and our thoughts are with you given the difficulty of working from home, possible job losses, families together for long periods during the day and our government restrictions.

More teachers are choosing to have flexibility in their work arrangements, however, class teachers will still be available either at their home or school, between 8:50am and 2:50pm during term time only to answer questions or reply to students or parents’ comments. The office will be open as usual at present.

Please support our Before and After School Care during the holidays if possible, as their numbers lately are making it difficult to continue opening.

School closes for the Autumn holidays at 2:50pm on Thursday 9 April.

Enjoy the Autumn holidays. Please do not do school work in the holidays. Relax, refresh and stay safe as it will be a difficult term ahead for us all in these unprecedented times.

School will resume for student on Tuesday 28 April.

I encourage you to celebrate ANZAC Day with your family on 25 April. LEST WE FORGET.
Please call security if you see or hear anyone on the premises out of school hours - phone - 1300 880 021. No one should be on the premises out of hours without permission from the school principal.

Have a great week, enjoy the Autumn holidays, stay calm, relax and be safe!
